

10th Jakub Walasek Janowiec Music Master course is a ten-day course in interpretation for violinists, viola players, cellists, accordionists, guitarists, wind instruments players, chamber ensembles and solo singing led by distinguished teachers from Poland and Europe. The course is addressed to students of secondary music schools, collage students and graduates. All classes will be held in Janowiec castle which was built in Renaissance times and is now undergoing restoration. The castle is the perfect site for creative work. It is quiet and serene and offers beautiful views from the castle hill out to the Vistula ravine and Janowiec's twin town, Kazimierz Dolny. The concerts accompanying the course will be the perfect occasion to present the young adepts of instrumental music to visitors to nearby spas.
